DELL, INC.

UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA  
SAN FRANCISCO DIVISION

MUNZER DAJANI, individually and on  
behalf of all others similarly situated,

Plaintiff,

vs.

DELL, INC. and DOES 1-25, inclusive,

Defendants.

Case No. 08-CV-05285-SI

**STIPULATION AND [PROPOSED]  
ORDER CONTINUING INITIAL CASE  
MANAGEMENT CONFERENCE**

Pursuant to Local Rule 6-1, plaintiff Munzer Dajani ("Plaintiff") and defendant Dell, Inc. ("Dell"), by and through counsel, hereby stipulate as follows:

1. The initial case management conference in this case is currently scheduled for 2:00 p.m. on February 27, 2009.
2. The hearing on Dell's motion to dismiss is currently scheduled for 9:00 a.m. on March 27, 2009.
3. Pursuant to the November 21, 2008 Scheduling Order, the parties met and conferred regarding alternative dispute resolution and held a Rule 26(f) conference on February 5, 2009. At that conference, the parties agreed that efficiency would be served by postponing the initial case management conference until the hearing on Dell's motion to dismiss. Holding the

1 initial case management conference directly after the hearing would minimize duplication of  
2 effort and travel costs for out of state counsel and allow the parties and the Court to consider the  
3 Court's view of Dell's motion to dismiss before making scheduling and other administrative  
4 decisions at the case management conference.

5 4. The parties therefore agree that, that should the Court have space in its schedule, it  
6 would be more efficient for the Court to hold the initial case management conference following  
7 the hearing on Dell's motion to dismiss, currently scheduled for 9:00 a.m. on March 27, 2009.

8 SO STIPULATED.

9  
10 I, Paul A. Alsdorf, attest that concurrence in the filing of the above stipulation and  
11 [proposed] order has been obtained from counsel for plaintiffs.

**ORDER**

For good cause shown, IT IS SO ORDERED. The Initial Case Management Conference, currently scheduled for February 27, 2009 is hereby reset for March 27, 2009.
